Attendees Give Feedback about July 8th All-Member/ PAC Webinar

On July 8th, BPHC hosted an All-Member/Project Advisory Committee (PAC) Webinar for over 100 attendees. The presentation has been posted [on our website](#). We also surveyed our attendees to learn how helpful the webinar was, and how it could have been better.

73% of respondents found the webinar to be either “Very Helpful” or “Extremely Helpful.” With your continued feedback, we hope to continue improving our communication and provide you with informative updates about BPHC and our DSRIP projects.

Respondents of the poll represent a diverse group of organizations in our PPS.

Reminder for Partners: Please Complete Community-Based Services Survey

We recently distributed a survey to profile the community-based services available in our PPS. Organizations providing community-based services will be invited to discussion sessions to explore the role of these services in our DSRIP projects. An email invitation will provide details about event dates and the registration process. Please refer to [our previous bulletin](#) for more information, and feel free to contact [Albert Alvarez](#), Director of Collaboration, with any questions.

Key Stakeholders Participate in Physician Engagement Work Group

BPHC welcomes Amanda Ascher, MD to our team as Chief Medical Officer. Among her many responsibilities, Dr. Ascher will lead a work group that will develop strategies for engaging physicians in our PPS. We will provide further information about this group and this strategy in the upcoming weeks.

In Case You Missed It

Join Us at Stepping Out on Arthur Avenue on July 26th

BPHC will have a table at Stepping Out on Arthur Avenue, a community health fair led by SBH on Sunday, July 26th from 11AM – 4 PM. This event is free and open to the public. BPHC will distribute giveaways, raffle prizes, and information about how DSRIP supports our PPS and, in turn, our community. For more information, please refer to the event flyer.

July 31st Submission of First Quarterly Report

July 31st will be a significant deadline for BPHC. That day, we will submit our Project Implementation Plans and the first Quarterly Report on DSRIP activities. Implementation Plans establish BPHC’s organizational and project-specific milestones, and Quarterly Reports track our performance on these milestones.
