BPHC Invites Your Nominations to Our Governance Committees

BPHC invites you to take a leadership role in New York’s most transformative healthcare initiative for Medicaid patients.

As we continue in DSRIP Year 4, we are leading 16 exciting innovation projects, piloting new post-acute care models, and launching targeted community-based programs that keep people well.

Our most important work is still ahead as we focus on performance improvement, sustainability, and maximizing the infrastructure we are building.

We have several openings on our governance committees and are seeking members with the vision, expertise, and commitment to provide strategic input on program direction and funds flow.

- BPHC is accepting nominations to our:
- Executive Committee**
 - Finance & Sustainability Subcommittee**
 - Information Technology Subcommittee**
 - Quality & Care Innovation Subcommittee**

Our governance committee members reflect the range and diversity of our PPS network. Submit your nominations through [this online form](#) by September 11.

For questions, please e-mail Aayesha Vichare at AVichare@sbhny.org.

Download our Non-Emergency Medical Transportation Services Toolkit

Non-Emergency Medical Transportation (NEMT) is a covered benefit that enables Medicaid recipients to go to essential medical appointments, including primary and behavioral healthcare, dialysis, and pre-natal care.

In New York City, the state Department of Health has contracted with MAS (Medical Answering Services) to authorize NEMT services via ambulette, non-emergency ambulance, and two often underutilized options -- taxi and livery services.

BPHC recently hosted a webinar that covers how the state’s NEMT system works, including the range of services it offers, eligibility, and how to use the system to arrange transportation for your patients and clients.

Visit our [website’s document center](#) for the webinar deck, toolkit, and FAQ. E-mail [Shqipe Gjevukaj](#) with questions.

DSRIP Care Coordinator Training Program Register Now!

September 11 - November 13
Weekly on Tuesdays
(except Thursday, Nov. 8)
9 a.m. - 4 p.m.

CUNY on the Concourse
2501 Grand Concourse
Third Floor
Bronx, NY 10468

[Directions here.](#)

Course Description:
This program provides comprehensive training on the core skills and competencies needed for this growing and important role.

The training strengthens participants’ critical thinking skills by engaging them in rich discussion, individual exercises, and group activities.

Participants will complete the course prepared to be strong, productive members of healthcare teams that provide coordinated, patient-centered care.

Audience:
BPHC Care Coordinators (and equivalent titles), Depression Care Managers, and Nurse Care Management Supervisors

To register:
Contact Maria Galafa at MGalafa@sbhny.org.
