

COMMUNITY RESEARCH ACADEMY (CRA)

GET INVOLVED

Become Part of the Clinical & Translational Research Process

The mission of the Community Research Academy (CRA) is to introduce community members to the translational research process, which is research that starts in scientific labs and extends to the bedsides of the sick.

Join the Community Research Academy:

1. Uncover the connections among community health profiles, zip codes, and research
2. Bring questions about research and ethics (Tuskegee and Henrietta Lacks) to the CRA
3. Be supported by experts as you explore various research methods
4. Explore how the iPhone and phone apps are used in research
5. Discover the roles of the various cores at the Clinical and Translational Science Center
6. Learn how to review grant proposals
7. Discuss the importance of clinical trials
8. Encourage fellow community members to explore various positions at the CTSC for future workforce development
9. Continue representing your community at the CTSC Community Advisory Board and at other clinical cores

PROGRAM DETAILS

The CRA is a free online course with self-paced learning.

Syllabus will be sent out via email or paper upon request.

Students will receive a certificate of completion at the end of the course.

Program Dates

Thursdays from 2:15pm-3:30pm

January 28th, 2021 - April 8th 2021
11 sessions total

Location

Classes will be held **online** via Zoom meetings

How To Enroll:

Send an email including your name to aac4003@med.cornell.edu with the subject line as "CRA Enrollment".

You will be added to our class roster and will be emailed a syllabus and a Zoom invitation link for each online session.
