

COVID-19: Community Conversations Mental Health, Equity and Resilience

The Covid-19 pandemic is a global shared traumatic experience that disrupts and affects our families, friends and communities.

In NYC and nationally, people of color are disproportionately affected by COVID-19. To address the mental health challenges brought by the pandemic and structural racism in our City, the Department of Health and Mental Hygiene will provide a free virtual presentation

To host a presentation for your group, please reach out to Jessica Poveda at jpoveda@health.nyc.gov or 917-994-4652
